

Polynuclear Aromatic Hydrocarbons (PAHs)

If you are unable to locate the compound or the format you require, please telephone or fax us with your requirements, we will be pleased to help. Please note: all products are shipped with a Certificate of Analysis or Gravimetric Certificate except those with catalogue numbers beginning with E. Solvent "AL" is acetonitrile, "CY" is cyclohexane, "IO" is iso-octane and "ME" is methanol. If no solvent is specified, that which is currently in stock will be shipped.

Description	CAS	Formula	MW	Cat.No.	Conc.	Unit	Price
1,3,5-Triphenylbenzene	612-71-5	C ₂₄ H ₁₈	306.41	C 20500000	certified	0.1 g	CC
