

Pesticide Mixes

These mixes have been designed by our customers, many for European methodology. Should you not find a mix that meets your needs, please telephone or fax us with your requirements, including a list of components, concentrations, solvent and quantity required. We can produce any mix and will be delighted to provide a quotation. Duplicate mixes can be prepared with different lots of raw materials to satisfy QA requirements against quotation. Products out of stock are subject to recalculation.

Pesticide-Mix 1

Aldrin
